

VITA

**Philip E. Mirowski**

**DATE:** July 2008

**AGE:** 56

**ADDRESS:** Department of Economics and Policy,  
And Faculty Fellow, Reilly Center for the History and Philosophy of Science  
400 Decio Hall, University of Notre Dame  
Notre Dame, Indiana 46556

**PHONE:** office (574) 631-7580  
home (574) 273-1983

**FAX:** 574 631 8209

**SECRETARY:** Tori Davies, (574) 631-4646

**INTERNET:** Philip.E.Mirowski.1@nd.edu

**CITIZENSHIP:** USA

<b>DEGREES:</b>	Michigan State University	B.A. Economics 1973
	University of Michigan	M.A. Economics 1976
	University of Michigan	PhD Economics 1979

**ACADEMIC EXPERIENCE:**

Carl Koch Professor of Economics and the History and Philosophy of Science, University of Notre Dame, 1990-

Visiting Fellow, All Souls College, Oxford University, Hilary term, 2008.

Visiting Faculty Fellow, International Center for Advanced Studies, New York University, Sept 2004- May 2005.

Visiting Professor, Universidad de la Republica, Montevideo, Uruguay, Oct-Nov. 2003.

Visiting Professor, University of Aix-Marsailles, France, May 2001

Visiting Professor, University of Trento, Italy, May 2000.

Visiting Professor, University of Modena, Italy, May 1998

Visiting Professor, Université de Paris I -- Sorbonne, March- May 1997; March 2001.

Visiting Professor, Tinbergen Institute, University of Amsterdam and Erasmus University, Holland, February-May 1991

Visiting Associate Professor, Yale University, 1987-88

Associate Professor, Tufts University 1985-90

Visiting Associate Professor, University of Massachusetts-Amherst, 1984-85

Assistant Professor, Tufts University, 1981-84

Assistant Professor, University of Santa Clara, Santa Clara California, 1978-81

Research Associate, Institute of Labor and Industrial Relations, University of Michigan, 1976-7.

**FELLOWSHIPS, HONORS AND AWARDS**

National Institute of Health Fellowship, 1974-1977

National Endowment for the Humanities, Interpretative Research Grant #Rh-20810-87, "Mathematics as a Means of Metaphor Transfer" 1987-89.

National Science Foundation, SBER-9601056, "Economics of Science" 1997

**Who's Who in America; Who's Who in the Midwest**

Elected Vice-President, History of Economics Assn., 1999

Invited Scholar-in-Residence, Santa Fe Institute, December 2001.

Fullbright Senior Researcher Fellowship, Oct-Nov. 2003

International Center for Advanced Studies Fellowship, New York University, 2004-5.

Ludwig Fleck Prize, in recognition of *Effortless Economy of Science?* Society for the Social Studies of Science, 2006.

Seng Foundation Grant, Project on Materials Transfer Agreements and the Commercialization of Science, 2006

Fellowship, All Souls College, Oxford University, Hilary Term 2008

## PUBLICATIONS

### BOOKS:

- [1] **The Birth of the Business Cycle**, New York: Garland Publishers, 1985.
- [2] (editor) **The Reconstruction of Economic Theory**, Hingham, Massachusetts: Kluwer-Nijhoff, 1986.
- [3] **Against Mechanism: Protecting Economics From Science**, Totawa, New Jersey: Rowman & Littlefield, 1988.
- [4] **More Heat Than Light: Economics as Social Physics**, New York: Cambridge University Press, 1989.  
French translation: Paris: Economica, 2001.
- [5] (Editor) **Edgeworth on Chance, Economic Hazard, and Statistics**. Savage, MD: Rowman & Littlefield, 1994.
- [6] (Editor) **Natural Images in Economics: Markets Read in Tooth and Claw**. New York: Cambridge University Press, 1994.
- [7] (Editor) **The Collected Economic Works of William Thomas Thornton**. 5 volumes. London: Chatto & Pickering. 1999.
- [8] **Machine Dreams: Economics becomes a Cyborg Science**. New York: Cambridge University Press, 2002.
- [9] **Science Bought and Sold: The New Economics of Science**. (editor, with Esther-Mirjam Sent), 2002, Chicago: University of Chicago Press.
- [10] **The Effortless Economy of Science?** Durham: Duke University Press, 2004.
- [11] **ScienceMart™: Understanding the Era of Globalized Commercialized Science**. Harvard University Press, forthcoming.
- [12] (editor, with Wade Hands), **Agreement on Demand: Postwar Price Theory**. Durham: Duke University Press, 2006.
- [13] (editor, with Dieter Plehwe), **The Road from Mont Pèlerin: the Making of the Neoliberal Thought Collective**, Harvard University Press, forthcoming.
- [14] **Everyday Neoliberalism**. New York: Verso, forthcoming.
- [15] (editor) **The Oxford Handbook of the Economics of Science**. Oxford University Press, forthcoming.

### ARTICLES IN BOOKS AND OTHER COLLECTIONS:

- [1] "Institutions as Solution Concepts in a Game Theory Context" in Larry Samuelson, editor, **Microeconomic Theory**, Hingham, Massachusetts: Kluwer-Nijhoff, 1986. Reprinted in Geoff Hodgson, editor, **The Economics of Institutions**. Cheltenham: Elgar, 1993.
- [2] "Paradigms, Hard Cores and Fuglemen in Modern Economic Theory" in P. Mirowski, editor, **The Reconstruction of Economic Theory**.
- [3] "Mathematical Formalism and Economic Explanation" in P. Mirowski, editor, **The Reconstruction of Economic Theory**.
- [4] "The Philosophical Bases of Institutional Economics" in Marc Tool, editor, **Institutional Economics, Vol. I**, Armonk, NY: Sharpe, 1988.
- [5] "Shall I Compare Thee..." in Robert Solow, Donald McCloskey and Arjo Klamer, editors, **The Consequences of Economic Rhetoric**, New York: Cambridge University Press, 1988, pp. 117-145.
- [6] "Three Vignettes on the State of Economic Rhetoric" in Neil de Marchi, editor, **Post-Popperian Methodology of Economics**, Boston: Kluwer Academic Publishers, 1992.
- [7] "The Philosophical Bases of Institutional Economics: Peirce and Commons" in Don Lavoie, editor, **Hermeneutics and Economics**, London: Routledge, 1991.
- [8] Entries for "William Stanley Jevons" and "Henry Ludwell Moore" in David Glaisner, ed., **Business Cycles and Depressions: An Encyclopedia**, New York: Garland, 1997.
- [9] "Walras' **Economics and Mechanics**: Translation, Commentary, Context" (with Pamela Cook), in Warren Samuels, editor, **Economics as Discourse**, Norwell: Kluwer-Nijhoff, 1990, pp. 189-215. Reprinted in: Roberto Marchionatti, ed. **Early Mathematical Economics**, London: Routledge, 2003.
- [10] "The Probabilistic Counter-Revolution" in Neil de Marchi and Christopher Gilbert, editors, **The History and Methodology of Econometrics**, Oxford: Oxford University Press, 1989, pp. 217-235.
- [11] "Smooth Operator: How Marshall's Demand and Supply Curves Made Neoclassicism Safe for Public Consumption But Unfit for Science" in R. Tullberg, editor, **Alfred Marshall in Retrospect**, Aldershot: Edward Elgar, 1990, pp. 61-90.
- [12] "Maquiladoras: Mexico's Tiger by the Tail?" (with Sue Helper), **Challenge**, May/June 1989, pp. 24-30.

- [13] "Nicholas Georgescu-Roegen" in Warren Samuels, editor, **New Horizons in Economic Thought: An Appraisal of Ten Leading Economists**, Cheltenham: Edward Elgar, 1992, pp. 86-105.
- [14] "Comment on Weintraub" in Mark Blaug and Neil de Marchi, editors, **Appraising Economic Theories**, Cheltenham: Edward Elgar, 1991, pp. 291-293.
- [15] "Comment on Margaret Schabas' Breaking Away'," **History of Political Economy**, Spring 1992, 24:221-223.
- [16] "The Goalkeeper's Anxiety at the Penalty Kick," in Neil de Marchi, editor, **Nonnatural Social Science: Reflections on the Project of More Heat than Light**, Durham, NC: Duke University Press, 1993, pp. 305-349.
- [17] "Some Suggestions for Linking Arbitrage, Symmetries and the Social Theory of Value," in Amitava Dutt, editor, **New Directions in Analytical Political Economy**, Aldershot: Edward Elgar, 1994, pp. 185-210.
- [18] "Charles Sanders Peirce," entry in **Handbook of Evolutionary and Institutional Economics**, G. Hodgson, M. Tool and W. Samuels, editors. Aldershot: Edward Elgar, 1994, pp. 149-152.
- [19] "The Realms of the Natural," Carl Koch Professorship Inaugural Lecture, in Mirowski, editor, **Natural Images in Economics: Markets Read in Tooth and Claw**, New York: Cambridge University Press, 1994, pp. 451-483.
- [20] "Doing What Comes Naturally: Four Metanarratives on What Metaphors are For," in Mirowski, editor, **Natural Images in Economics**, New York: Cambridge University Press, 1994, pp. 3-19.
- [21] "Marshalling the Unruly Atoms: Understanding Edgeworth's Career," in Mirowski, editor. **Edgeworth on Chance**,..., Savage, MD: Rowman & Littlefield, 1994.
- [22] "What Are the Questions?" in Roger Backhouse, editor, **New Directions in Economic Methodology**. London: Routledge, 1994, pp. 50-74. Japanese translation, Economic Science Press, 2000.
- [23] "Comment on Feigenbaum and Levy," **Social Epistemology**, July-September 1993, 7:278-283.
- [24] Entries on "Probability," pp.393-4; "Nicholas Georgescu-Roegen," pp.212-13; and "Operationalism" pp.346-9 in J. Davis, D.W. Hands and U. Maki, editors, **Handbook of**

**Economic Methodology.** Aldershot: Edward Elgar, 1998.

[25] "Confessions of an Aging *Enfant Terrible*" in Michael Szenberg, editor, **Passion and Craft**, University of Michigan Press, 1998. Also in **The American Economist**, Summer 1994, 38:28-35.

[26] "Do You Know the Way to Santa Fe? or, Political Economy Gets More Complex" in **Explorations in Political Economy: Malvern After Ten Years**, Steve Pressman, editor, London: Routledge, 1996, pp.13-40.

[27] "The Attribution of Quantitative Error and the Erasure of Plural Interpretations in Various Sciences," and "Comment on Hodgson" in Andrea Salanti and Ernesto Screpanti, editors, **Pluralism in Economics**, Aldershot: Edward Elgar, 1996.

[28] "A Confederacy of Bunches: Comment on Niehans on Multiple Discoveries," **European Journal for the History of Economic Thought**, Autumn 1995, (2): 279-289.

[29] "Refusing the Gift" in Steven Cullenberg, Jack Amariglio and David Ruccio, editors, **Postmodernism, Economics and Knowledge**. Pp.431-458. London: Routledge, 2001.  
Japanese translation: Tokyo:Ochanomizu Shobo, 2008

[30] "Economics, Science and Knowledge: Polanyi vs. Hayek," in **Tradition and Discovery: The Polanyi Society Periodical**. 1998-9, (25:1):29-42.

[31] "Harold Hotelling and the Neoclassical Dream," (with Wade Hands), pp.322-397 in **Economics and Methodology: Crossing Boundaries**, edited by Roger Backhouse, D.Hausman, U.Maki & A. Salanti, London: Macmillan, 1998.

[32] "Comment on Arthur Diamond's version of an economics of science" **Knowledge and Policy**, Summer/Fall 1996, (2/3):72-75.

[33] "A Brief History of Classical and Frequentist Approaches to Probability in Economics" in James Henderson, ed., **The State of the History of Economics**, London: Routledge, 1997, pp.19-38.

[34] "What Econometrics Can and Can't tell us about the Historical Actors," pp. 182-200, 360-367 in Jeff Biddle, John Davis and Steve Medema, eds. **Economics Broadly Considered: Essays in honor of Warren Samuels**. London: Routledge, 2001.

[35] "*Ratio Ex Machina*" in **Center 11: Value 2**, Austin: Center for American Architecture and Design, 1999, pp.16-31.

[36] "Inhuman, All too Inhuman," *Nineteenth Century Contexts*, forthcoming.

[37] (With Koye Somefun) “Fecund, Cheap and Out of Control: Heterogeneous Agents as Flawed Computers vs. Markets as Evolving Computational Entities” pp.267-298 in Domenico Della Gatti, Mauro Gallegati & Alan Kirman, eds., **Interactions and Market Structure: essays on heterogeneity in economics.** Berlin: Springer Verlag, 2000.

[38] “Economism from Affront to Facade” pp.225-246 in Amitava Dutt and Kenneth Jamison, eds., **Crossing the Mainstream: Essays in Honor of Charles Wilber.** Notre Dame: University of Notre Dame Press, 2001.

[39] “Operations Research,” entry in **Oxford Companion to the History of Science**, edited by John Heilbron, Oxford: Oxford University Press, 2003.

[40] “What’s Kuhn Got to do with it?” **History of the Human Sciences**, May 2001 (14): 97-111. Reprinted in **Social Epistemology**, 2003, (17): 219-229.

[41] “Science Bought and Sold,” (with Esther-Mirjam Sent) in **Science Bought and Sold**, University of Chicago Press, 2002.

[42] “A Pall Along the Watchtower: reflections on leaving the conference,” pp.378-90 in Roy Weintraub, ed. **The Future of the History of Economics**, Supplement to HOPE volume 24, Durham: Duke University Press, 2002.

[43] “Economists encounter Cyborgs,” pp. 101-118 in Caroline Gerschlager, ed., **Expanding the Economic Concept of Exchange: deception, self-deception and illusions.** Dordrecht: Kluwer, 2001.

[44] “Cracks, False Bottoms, and Hidden Stairwells” in Philip Mirowski, **The Effortless Economy of Science?** Durham: Duke University Press, 2004.

[45] “Introduction” to new edition of Stanley Wong, **The Foundations of Paul Samuelson’s Revealed Preference Theory.** London: Routledge, 2005.

[46] “How Positivism Made Pact with the Postwar Social Sciences in America,” in George Steinmetz, ed., **Positivism and the Social Sciences**, Durham: Duke University Press, 2004.

[47] “Markets Made Flesh: Callon, Performativity and the FCC Spectrum Auctions” (with Eddie Nik-Khah) in **Do Economists Make Markets? On the Performativity of Economics.** Ed. Donald MacKenzie, Fabien Muniesa & Lucia Siu., Princeton: Princeton University Press, 2007.

[48] (with Esther-Mirjam Sent) “The Commercialization of Science and the Response of STS,” pp. 635-689 in Ed Hackett, Olga Amsterdamska, & Michael Lynch, eds., **Handbook of Science, Technology and Society Studies**, MIT Press, 2007.

[49] “Hoedown at the OK Corral: Further thoughts on the scientific dimensions of social

thought,” **Studies in the History and Philosophy of Science**, 2005, (36):790-800..

[50] Entry for “Neoliberalism” (with Rob van Horn) in Ross Emmett, ed., **Elgar Companion to the Chicago School of Economics**, forthcoming.

[51] “The Role and Effectiveness of Mathematics in Modern Economics” in Uskali Maki, ed., **Handbook of the Philosophy of Economics**, Amsterdam: Elsevier, forthcoming.

[52] “Why there is (as yet) no such thing as an Economics of Knowledge,” in Harold Kincaid, ed., **The Philosophical Foundations of Economic Science**, Oxford: Oxford University Press, forthcoming.

[53] “Command Performance: Exploring what STS thinks it takes to build a market,” (with Edward Nik-Khah) in Trevor Pinch & Richard Swedberg, eds., **Living in a Material World: On the Mutual Constitution of Technology, Economy and Society**. Cambridge: MIT Press, forthcoming.

[54] “On Kicking the Habit,” in Symposium on ‘Markets Come to Bits’, **Journal of Economic Behavior and Organization**, 2007 (63): 359-371.

[55] “Viridiana Jones and the Temple of Mammon” in Gerald McKenny, ed., **Commerce, Politics and Science: The Changing Context**, University of Notre Dame Press, forthcoming.

[56] “Realism and Neoliberalism: two studies in reactionary modernism in the 1950s” in Nicholas Guilhot, ed., **The Birth of International Relations in the 1950s**, New York: Columbia University Press, forthcoming.

[57] “Postface: Defining Neoliberalism” in Mirowski and Plehwe, eds., **The Road to Mont Pèlerin: Making of the Neoliberal Thought Collective**. Cambridge: Harvard University Press, forthcoming.

[58] “The Road to a World Made Safe for Corporations: The Rise of the Chicago School of Economics” (with Rob van Horn) in Mirowski & Plehwe, eds., **The Road to Mont Pèlerin: Making of the Neoliberal Thought Collective**, Cambridge: Harvard University Press, forthcoming.

[59] “The Stanford School of the Economics of Science and Technology” in William Sundstrom, ed. **Festschrift in Honor of Gavin Wright**, forthcoming.

## BOOK REVIEWS AND REVIEW ARTICLES

[1] Review of E.R. Weintraub, **Microfoundations**, and Irving Kristol, editor, **The Crisis in Economic Theory**, in **Contemporary Crisis**, December 1981.

[2] Review of David Jeremy, **Transatlantic Industrial Revolution**, in **Technology and Culture**, October 1982.

[3] Review of Russell MacCormmach, **Night Thoughts of a Classical Physicist**, in **History of Political Economy**, Spring 1983.

[4] Review article on Richard Nelson and Sidney Winter, **An Evolutionary Theory of Economic Change**, in **Journal of Economic Issues**, September 1983.

[5] Review of Ben Fine, **Theories of the Capitalist Economy**, in **History of Political**

**Economy**, Winter 1983.

[6] Review of Karl Pribram, **A History of Economic Reasoning**, in **Journal of Economic Literature**, September 1984.

[7] Review of P. Wiles & G. Routh, editors, **Economics in Disarray**, in **Journal of Economic Issues**, December 1985.

[8] Review of Lawrence Boland, **Methodology for a New Microeconomics**, in **Journal of Economic Literature**, March 1987.

[9] Review of Robert Fisher, **The Logic of Economic Discovery**, in **Journal of Economic History**, March 1987.

[10] Review of Roger Backhouse, **History of Modern Economic Analysis**, in **Journal of Economic Literature**, December 1987.

[11] Review Essay "Energy and Energetics in Economic Theory" on W. van Gool & J. Bruggink, editors, **Energy and Time in The Economic and Physical Sciences**, and J. Dragan & M. Demetrescu, **Entropy and Bioeconomics: The New Paradigm of Nicholas Georgescu-Roegen**, in **Journal of Economic Issues**, September 1988, pp. 811-830.

[12] Review of Lorenz Kruger, Lorraine Daston, et al., editors, **The Probabilistic Revolution**, and Theodore Porter, **The Rise of Statistical Thinking**, in **History of Political Economy**, Spring 1990.

[13] Review of Julian Hoppit, **Risk and Return in British Business, 1700-1800**, **Journal of Interdisciplinary History**, March 1989.

[14] Review of J. Boyd & J. Blatt, **Investment Confidence and Business Cycles**, in **Journal of Economic Literature**, June 1989.

[15] Review of J. King, **Economic Exiles**, in **Journal of Economic History**, December 1989.

[16] Review of Margaret Schabas, **A World Ruled by Number**, in **Isis**, September 1992, pp. 501-502.

[17] Review of Henry Woo, **What's Wrong With Formalization in Economics?** in **Research in the History of Economic Thought and Methodology**, Vol. 7, 1990, pp. 281-283.

[18] Review of Arjo Klamer & David Colander, **The Making of an Economist**, in **Journal of Economic Literature**, March 1991.

[19] Review of Giorgio Israel & Bruna Ingraio, **The Invisible Hand**, in **Eastern Economic**

**Journal**, October 1991.

[20] Review of R. Sato and R. Ramnachandran, editors, **Conservation Laws and Symmetry: Applications to Economics and Finance**, in **Journal of Economic Literature**, March 1992.

[21] Review of Larry Neal, **The Rise of Financial Capitalism**, in **Business History Review**, Spring 1993.

[22] Review of Herbert Simon, **Economics, Bounded Rationality and the Cognitive Revolution**, in **Southern Economic Journal**, January 1994.

[23] Review Essay on Philip Kitcher, **The Advancement of Science**, in **Review of Political Economy**, Summer 1995, (7:2): 227-241.

[24] Review of Howard Margolis, **Paradigms and Barriers**, in **Journal of Economic Literature**, December 1994.

[25] Review of Geoff Hodgson, **Economics and Evolution**, in **Economics and Philosophy**, October 1995, (11): 366-370.

[26] Review of I.B. Cohen, **Interactions**, in **American Journal of Sociology**, November 1995.

[27] Review of Theodore Porter, **Trust in Numbers**, in **History of Political Economy**, Fall 1996.

[28] Review of Trevor Barnes, **Logics of Dislocation**, in **Canadian Geographer**, Fall 1997, (41):335.

[29] Review of Antoine d'Autumne & Jean Cartelier, eds., **Is Economics Becoming a Hard Science?** In **Journal of Economic Literature**, June 1998.

[30] Review of Yuval Yonay, **The Struggle over the Soul of Economics**, in **Research in the History of Economic Thought and Method**, 2000, vol. 18A, pp. 158-163.

[31] Review of Sylvia Nasar, **A Beautiful Mind**, in **Economics and Philosophy**, October 1999, (15):302-7.

[32] "The Good, the Bad, and the Bungly": Review essay on Deborah Redman, **The Rise of Economics as a Science**, and Mary Poovey, **The Making of the Modern Fact**, in **Journal of the History of Economic Thought**, 2000, (22): 85-91.

[33] Review of Melvin Reder, **Economics: the Culture of a Science** in **Business History Review**, Winter 1999.

- [34] Review of N. Katherine Hayles, **How We Became Posthuman**, in *Isis*, September 2000.
- [35] Review of T. Beard & G. Lozada, **Economics, Entropy and the Environment** in *Economic Journal*, June 2001.
- [36] Review of Ariel Rubinstein, **Economics and Language** in *Economica*, Feb. 2004, (71):171-2.
- [37] Review of Benoit Mandelbrot, **Fractals and Scaling in Finance** in *Journal of Economic Literature*, June 2001.
- [38] Review of Olivier Dyens, **Metal and Flesh**, in *The Information Society*, 2004, (20:1).
- [39] Review of M. Hacoen, **Karl Popper** in *Isis*, June 2002, pp.324-5.

**Upcoming Events**

- [1]. Invited visiting professorship, Ecole Nationale Supérieure Cachan, Paris, 2009.
- [2] Invited session on neoliberalism as politics and philosophy at INEM, Madrid, Sept. 2008.
- [3]. Invited paper for PROKNOW conference on Academic spin-offs, Brussels Belgium Feb. 2009.
- [4] Invited conference in honor of Gavin Wright, Stanford Univ., Sept. 2008.
- [5] Invited paper to First International Symposium on Economic Thought, Rio de Janeiro, Brazil, Aug. 2009.

**UNPUBLISHED WORKING PAPERS**

- 1. Draft chapters of Koopmans biography.
- 2. "An Unholy History of Error."
- 3. "Scissors, Lies and Scotchtape: The Hidden History of Supply and Demand."
- 4. "The Evolution of Market Automata and Some Applications to Finance"
- 5. "How Intelligence Straddled the Natural and the Artificial" (with Mie Augier)
- 6 . "On the Origins (at Chicago) of Some Species of Neoliberal Evolutionary Economics"
- 7. "Caveat Emptor: Rethinking the Historical Relationship between Commercial Activity and Science"
- 8. "Alain Lewis on the Formal Character of Neoclassical Economic Theory," (with Fernando Tohme)
- 9. "Standing at the crossroads of evolution and computation,"
- 10. "The Making of the Neoliberal Thought Collective"
- 11. (with Thomas Scheiding) "Are the Natural Sciences Examples of Self-Organizing Complex Systems?"

**RECENT CONFERENCE AND SEMINAR PRESENTATIONS**

"On the Origins (at Chicago) of Some Species of Neoliberal Evolutionary Economics"  
HISRECO Conference, Lisbon Portugal, June 2008.

"New Approaches to Complexity" Mannheim University, Mannheim Germany May 2008.

Invited participation in conference on “Transdisciplinary Models of Economic Complexity,” James Madison University, May 2008.

“How has Commercialization harmed Science,” invited Social Science Research Council seminar, New York, May 2008.

“Markets Come to Bits,” Said Business School, Oxford University, Feb. 2008.

“Defining Neoliberalism”, University of Manchester, Feb. 2008; Green Economics Conference, Mansfield College, Oxford, Feb. 2008; Open university, Feb. 2008.

Keynote Speaker, SCEME Workshop on Neoliberalism, Keele Univ., Feb 2008.

“Trust in Science?” All Souls College, Oxford University, Jan. 2008.

“The Concept of the Political in Postwar International Relations and Neoliberalism” LSE seminar in the history of the human sciences, Jan. 2008.

Three Regimes of American Scientific Organization” Nuffield economic history seminar, Oxford University, Jan. 2008.

“What we Mean when we say we have lost trust in science” Trust in Science Conference keynote, Toronto Canada, Oct. 2007.

“Living with the MTA,” meetings of 4S, Montreal Canada Oct. 2007.

“Realism and Neoliberalism: two studies in reactionary modernism,” workshop on the Birth of IR, Rockefeller Archives, Sleepy Hollow, NY, Sept. 2007.

“On the Origins (at Chicago) of Some Species of Neoliberal Evolutionary Economics,” Presentation to the conference “Revisiting the Chicago School” Notre Dame, Sept. 2007.

Why there is (as yet) no such thing as an Economics of Knowledge,” Workshop on the History of Modern Economics, CRNS Cachan, Paris, June 2007.

Invited Keynote Speaker at Philosophy of Social Science Roundtable, University of South Florida, March 2007: “Why There is (as yet) No Such Thing as an Economics of Information.”

Invited to deliver the 2007 Brown & Haley endowed lectures, University of Puget Sound, March. 2007.

“The Dialectic of Neoliberalism and Catholic Social Thought,” Notre Dame, Feb. 2007.

Invited Heilbroner Lecture, “Protecting Science From Politics,” New School University, New York, February 2007.

Discussant in ASSA session on Chicago School, Chicago, Jan 2007.

“Markets come to bits”, Presentation University of Trento Economics conference, Dec. 2006.

Special author meets critics session, Annual meeting Society for the Social Studies of Science, Vancouver, Nov. 2006. Also: “Neoliberalism Comes to Science Studies”.

“Viridiana Jones and the Temple of Mammon,” Conference on the Commercialization of Science, Notre Dame, Sept. 2006; invited plenary, Conference on the relationship of science to democracy, Ghent Belgium, Sept. 2006.

Invited participation, Workshop on “History of Economics as History of Science,” ENS Cachan, Paris France, June 2006.

Invited scholar in residence, ENS-Cachan, Paris, June 2006.

“The Making of the Neoliberal Thought Collective,” Workshop on History of Economics as History of Science, Paris, June 2006.

“On the Origins of Some Species of Evolutionary Economics,” Ecole des Hautes Etudes en Sciences Sociales, Paris, June 2006.

“Why there is (as yet) No Such Thing as an ‘Economics of Knowledge’” Conference on the History of the Human Sciences, University of Pennsylvania, Philadelphia, May 2006; and Conference on the Philosophy of Economics, University of Alabama, May 2006.

“Neoliberalism as Reactionary Modernism,” Conference on Modernism and the Sciences, Goethe University, Frankfurt Germany, March 2006.

“The CRO and the Commercialization of Science” WZB Berlin, Germany, March 2006.

“The Origins of the Chicago School,” American Economics Association meetings, Boston, Jan. 2006

Invited participation, Patent Law and Innovation Workshop, Harvard University, Dec. 2005.

“Do Economists Help Make Markets? The FCC Spectrum Auctions” Conference at the Intersection of STS and Economic Sociology, Cornell University, Sept. 2005.

Invited presentation on markets as evolving automata, Conference on evolutionary economics, University of Queensland, Brisbane Australia, July 2005.

“Thirteen Thesis on the History of Demand Theory,” Conference presentation at “Agreement on Demand”, Duke, April 2005.

“Neoliberalism and the Rise of the Chicago School,” ICAS NYU conference on the Transnational Origins of Neoliberalism, New York, April 2005.

“Rethinking the Commercialization of Science,” invited talk, New School University, Feb. 2005; Conference on “Science for Sale,” Cornell University, April, 2005; invited lecture, Univ. of Pennsylvania, Nov. 2005; invited lecture, Wayne State University, Dec. 2005.

“Computation and the Future of Evolutionary Economics,” Copenhagen Business School, and University of Southern Denmark, Odense, January 2005.

“Caveat Emptor: Rethinking the Historical Relationship between Commercial Activity and Science,” invited plenary, History of Science Society, Austin, November 2004.

“Markets Made Flesh: Auctioning the Spectrum,” presentation to Conference on Performativity in Economics, Paris, August 2004; ICAS Seminar, NYU, New York, October 2004.

“Critique and the Responsibility of Intellectuals,” panel, NYU, September 2004.

“Vernon Smith and the Rise of Experimental Economics”, “Social Dimensions of Scientific Knowledge,” and “Callon on Performativity”, all papers presented to the joint meetings of 4S and EASSST, Paris, August 2004.

“Markets come to Bits,” INEM meetings, Amsterdam, August 2004.

“Social Dimensions of Scientific Knowledge” and “The Purest Form of Rationality is that which is imposed,” George Mason Summer Workshop on the History of Economics, Fairfax, July 2004.

“Military Foundations of the Postwar Economic Orthodoxy,” invited lecture, Nuffield College, Oxford University, March 2004. Also: “Does Technology Drive Theory?”

Respondent at Conference devoted to *Machine Dreams*, SCHEME, University of Stirling, Scotland, March 2004.

“Contract Research Organization and the Commercialization of Science,” invited lecture, Univ. of Hertfordshire, UK, March 2004.

“Scientific Dimensions of Social Thought,” Erasmus University, Rotterdam, Feb. 2004.

“Philosophizing with a Hammer,” invited lecture, EIPE, Erasmus University, Rotterdam, Holland, Feb. 2004.

“Regimes of Science Organization and the Science/Society Divide” invited lecture, Universidad Autonoma de Madrid, Feb. 2004. Also: “Philosophizing with a Hammer”.

“Philosophy of Science and the Organization of Science,” University of Chicago Workshop on Science, Technology, Society and the State, January 2004.

“Machine Dreams”, Fullbright lectures, Universidad de la Republica, Montevideo, Uruguay, Oct. 2003.

Invited Plenary lecture on *Machine Dreams*, InterAmerican Society for the Epistemology of Economics, Buenos Aires Argentina, October 2003.

“The Purest Form of Rationality is That Which Is Imposed,” HES meetings, Duke Univ., July 2003.

“The Scientific Dimensions of Social Knowledge and their Distant Echoes in 20<sup>th</sup> century Philosophy of Science,” Conference on Values in Science, Bielefeld, Germany, July 2003; Invited Lecture, Center for Economic Policy Analysis, New School, New York, September 2003.

“The Automata Theory of Markets,” invited lecture, Carnegie-Mellon University, April 2003.

“The Commercialization of the University and the New Economics of Science,” invited lecture, Rice University, Houston, Texas, March 2003.

“On the Ultimate Incoherence of the ‘Economics of Information’” Copenhagen Business School, Nov. 2002; Univ. of Amsterdam, Nov. 2002.

“How Intelligence Straddled the Natural and the Artificial” INEM, Stirling Scotland, Sept. 2002; invited lecture, University of Michigan, Dec. 2002.

Invited respondent to sessions devoted to *Machine Dreams*: Southern Economics Assn., New Orleans, Nov. 2002; INEM, Univ. of Stirling, Scotland, Sept. 2002.

“Machine Dreams: the summary” and “Possible Futures for Computational Economics”, Santa Fe Institute, Dec. 2001; University of California- Irvine Institute of Mathematical Behavioral Science, March 2002. Also University of Pisa, University of Siena, and University of Milan- Biacoccha, May 2002.

“The Parallel Histories of AI and Neoclassical Economics,” invited dinner talk, Brookings Workshop on Multi-Agent Computation in Natural and Artificial Economies, Washington DC, Oct. 2001.

“Morte d’Author: Problems of credit in globalized science” and “From Wargames to Roboshopping,” 4S meetings, Cambridge Mass., November 2001.

“The Future of Methodological Individualism and the Cyborg Sciences,” History and Philosophy of Science Seminar, University of Indiana- Bloomington, Sept. 2001.

“Information Technologies and the New New Institutionalism” invited plenary lecture, Third International Workshop on Institutional Economics, University of Hertford, England, Sept. 2001.

“Cowles Changes Allegiance,” History of Economics Society meetings, Wake Forest University, July 2001.

“On the American Hegemony in Modern Economics,” University of Paris-I, March 2001.

“Alice through the Liquid Crystal: A different perspective on IT and the economy,” invited lecture, Kennedy School, Harvard University, January 2001. Also CEPREMAP, Paris, March 2001; Univ. of Aix-Marseilles, May 2001; invited lecture, University of Odense, Denmark, June 2001.

“The Evolution of Market Automata and their importance in recent finance markets” invited paper at workshop on “The Culture(s) of Finance,” University of Bielefeld, Germany, November 2000.

“Some Games in search of their Players,” SCANCOR conference on economics and sociology, Stanford University, Sept. 2000.

“What’s Kuhn Got to Do With It?” Symposium on Steve Fuller’s *Thomas Kuhn*, History of Science Society meetings, St. Louis, August 2000.

“The Hayek Hypothesis and the Future of Computational Economics” University of Trento, May 2000; University of Venice, Italy, May 2000.

“Machines Who think vs. Machines That Sell”, Invited Jenkins Lecture, Duke University, March 2000;

“On the Origins of Some Species of Evolutionary Economics”, Duke University Economics Department, March 2000; History of Economics Society meetings, Vancouver, June 2000.

- "The New Economics of Science" presented to invited conference on *Science and Spontaneous Order*, Skagen, Denmark, January 2000.
- "RAND/OR: Operations Research and the Postwar Stabilization of the Neoclassical Orthodoxy" HES meetings, Greensboro, NC, June 1999; Invited lecture, Science Studies Program, University of California-San Diego, November 1999
- John von Neumann, Quantum Mechanics and Economics", History of Science Society, November 1999, Pittsburgh, PA.
- Three invited lectures to the Russian Academy of Science, Moscow, Russia, October 1999.
- "Recent Issues in Computational Economics", Elejalde Summer School of Economic Methodology, San Sebastian, Spain, July 1999.
- "How Science Policy and Neoclassical Economics were precipitated out of OR" SPRU, Univ. of Sussex, Brighton UK, April 1999..
- "How the Computer prompted Experimental Economics at RAND," ECHE, Paris, April 1999.
- "The Colonel's Dilemma: RAND and game theory," Postwar Economics Workshop, Erasmus University, April 1999; invited lecture, York University, Toronto, Canada, March 1999.
- "Economics in Cyberspace" invited lecture, University of Illinois Science Studies Unit, Urbana, Feb. 1999.
- "Economics Becomes a Cyborg Science" Invited Plenary Lecture, HETSA, Univ. Of Western Sydney, Australia, July 1998.
- "What should be Bounded When it comes to Bounded Rationality?" Monash University, Melbourne, Australia, July 1998; Paidea International Conference of Philosophy, Boston, Mass., August 1998.
- "Markets as Evolving Computational Entities", Conference on Social Interactions and Computing, Ancona, Italy, May 1998; University of Modena, Italy, May 1998, Melbourne University, July 1998.
- "Inhuman, All too Inhuman" Plenary session, Interdisciplinary 19th Century Studies Assn, New Orleans, April 1998.
- "The Military, the Scientists, and the Changed Rules of the Game," Duke Univ., Nov. 1997; University of Witten, Germany, June 1998.
- "*The Exchanging of the Avant Garde*," Symposium on Marshall Sahlins' *Stone Age Economics*, American Anthropological Association, Washington, DC, Nov. 1997.
- Lectures on Evolutionary Economics, EEAPE Summer School, Hania, Crete, July 1997.
- "Simulacra vs. Automata" Symposium on Complexity in Economics, Technical University of Lisbon, Portugal, April 1997.
- "Economics as a Cyborg Science", Fischbein Center, University of Chicago, Jan. 1997.
- "*Ratio ex Machina*" Invited lecture to the Symposium on the Question of Economic Value, University of Texas--Austin, October 1996.
- "Problems of Value in Economics and Anthropology," at the Internationales Forschungszentrum Kulturwissenschaften Workshop on "Die Welt des Tauchers", Vienna Austria, October 1996.
- "Ecology in the Mirror of Economics" at workshop on "Making Sense of the Ecology" Pori, Finland, August 1996.
- "Maxwell's Demon and Entropy Reversal Come to Economics," Seminaire de l'Adse, 1996; Ecoles des Mines, Paris, Feb. 1996.
- "Three Types of Limitations in Computational Economics," ATOM, Univ. of Paris-I, Sorbonne; Feb. 1996.
- "Machine Dreams," Duke Conference on New Writing in the History of Economics, Durham NC, March 1996.
- "On Playing the Economics Trump Card in the Philosophy of Science: Why It Didn't Work for Michael Polanyi," Symposium on the Use of Economic Concepts in Contemporary Philosophy of Science at the 1996 meetings of the PSA, Cleveland, Ohio, November 1996; HES meetings, Vancouver BC, July 1996.
- "Harold Hotelling and the Neoclassical Dream" ASSA meetings, San Francisco, Jan. 1996; Meetings of the European Assn. for the History of Economics, Lisbon, Portugal, Feb. 1996; IEA Conference on Economic Methodology, Bergamo, Italy, June 1996.
- "Economics, Science and Knowledge: Polanyi vs. Hayek" EEAPE Conference Plenary session, Kracow, Poland, October 1995.
- "Do You Know the Way to Santa Fe?" History of Economics Association meetings, South Bend, June 1995; University of Warsaw, Warsaw, Poland, Oct. 1995; University of Lisbon, Portugal, Feb. 1996; Univ. de Paris --IX, Dauphine; Paris, Feb. 1996..
- "Refusing the Gift" Conference on Postmodernism and Economics, University of California-Riverside, March 1995.

- "Mandelbrot's Economics 25 Years Later," Conference in Honor of Benoit Mandelbrot's 70th birthday, Curacao, February 1995.
- "Bourbakism Comes to Economics" AEA meetings, Washington, DC, January 1995.
- "The Economic Consequences of Philip Kitcher" 4S/PSA meetings, New Orleans, October 1994.
- "A Graduate Course in Institutionalist Economic Theory" Dinner address at Conference in honor of the restoration of Veblen's birthplace, Carleton College, Northfield, Minnesota, September 1994.
- "The Attribution of Quantitative Error and the Erasure of Plural Interpretations in Various Sciences" Conference on Pluralism in Economics, Bergamo, Italy, May 1994.
- "Passing Around the Gift" Duke Center for Interdisciplinary Studies in Science, March 1994.
- "Scissors, Lies and Scotchtape" mini-course, Duke University, March 1994.
- "Civilization and Its Discounts" ASSA/HES, Boston, January 1994; Michigan State University, April 1994; Duke University, March 1994.
- "Precision Measurement as Arbitrage" Society for the Social Studies of Science, Purdue University, November 1993; Stanford University, May 1994, Universite de Paris- I, Feb. 1996.
- "Error in Its Cultural Contexts" invited lecture, Virginia Polytechnic, Blacksburg, VA, November 1993.
- "What Econometrics Can and Can't Tell Us About the Economic Actors: Brewing and Rationality in early 19th Century Britain" Economic History Association, Tucson, October 1993.
- "Tit for Tat: Gift, Exchange and Money in the History of Economic Anthropology" Duke Conference on the History of Higgling, March 1993; COPEC XIII, Northeastern University, Boston, January 1994.
